

# TABLE OF CONTENTS

## **API Standard 602, Compact Steel Gate Valve - Flanged, Threaded, Welding and Extended Body Ends**

### GENERAL

#### SECTION 1 — SCOPE

#### SECTION 2 — REFERENCED PUBLICATIONS

#### SECTION 3 — MARKING

#### SECTION 4 — DESIGN

- 4.1 Pressure-Temperature Ratings
- 4.2 End Connections
- 4.3 Extension Dimensions
- 4.4 Extensions Attached by Welding
- 4.5 Body Extension Materials
- 4.6 Body and Bonnet
- 4.7 Body-Bonnet Joint
- 4.8 Trim
- 4.9 Gate
- 4.10 Stem
- 4.11 Stem-to-Gate Connection
- 4.12 Gate Guiding
- 4.13 Seat Rings
- 4.14 Port Opening
- 4.15 Threaded Packing-Gland Assembly
- 4.16 Bolted Packing-Gland Assembly
- 4.17 Packing Material
- 4.18 Stuffing Box
- 4.19 Stem Nut
- 4.20 Handwheel

#### SECTION 5 — INSPECTION, EXAMINATION, AND TEST

- 5.1 Inspection and Examination
- 5.2 Pressure Test
- 5.3 Repair of Defects

## SECTION 6 — SHIPMENT

- 6.1 Protection of Female Threaded and Socket-Welding Ends
- 6.2 Protection of Male Extension
- 6.3 Protection of End Flanges and Butt-Welding Ends

## APPENDIX

- APPENDIX A---ADDITIONAL REQUIREMENTS FOR COMPACT BELLOWS SEAL GATE VALVES

## FIGURES

- 1---Typical Inside Screw With Rising Stem Gate Valve
- 2---Typical Outside Screw and Yoke Gate Valve
- 3---Typical Extended-Body Valve
- A-1---Typical Outside Screw and Yoke Bellows-Seal Gate Valve

## TABLES

- 1---Abbreviations for Post-Weld Heat Treatment Conditions to be Used in Marking Valves
- 2---Pressure-Temperature Ratings for Class 800 Gate Valve
- 3---Body and Bonnet Wall Thickness
- 4---Dimensions for Welded-End Connections on Class 800 and Class 1500 Extended-Body Valves
- 5---Dimensions for Threaded-End Connections on Class 800 Extended-Body Valves
- 6---Dimensions for Socket-Welding End Connections on Class 800 and Class 1500 Extended-Body Valves
- 7---Comparative Wall Thicknesses of Extended-Body Valves
- 8---Material Specifications and Applicable ASTM Specifications
- 9---Nominal Seating Surface Materials
- 10---Stem Material
- 11---Trim Numbers and Alternative Trim Numbers
- 12---Minimum Stem Diameter
- 13---Port Opening
- 14---Minimum Depth of Packing
- A-1---Bellows Material Chart
